SUMMARY

Final-year CS student specializing in Data Analytics, Visualization, and MERN stack development. Skilled in SQL, Python, Tableau, and AI-driven automation to build secure, data-driven applications and extract actionable insights from complex datasets. Strong foundation in Agile practices, problem-solving, and scalable software development.

EDUCATION

Chitkara University, Punjab, India	Aug 2022 – Jun 2026
Bachelor of Engineering in Computer Science	CGPA: 8.17
St. Mary's School, Sundernagar, Himachal Pradesh	April 2021 – March 2022
Higher Secondary (12th), PCM, CBSE	80%

TECHNICAL SKILLS

Programming	Python, Java, C++, JavaScript (ES6+)
Data Analytics & DS	Exploratory Data Analysis (EDA), Data Cleaning, SQL (BigQuery, Joins, CTEs), Pandas, NumPy, Matplotlib, Seaborn, Power BI, Tableau, MS Excel
Web Development	MERN Stack (MongoDB, Express.js, React.js, Node.js), HTML5, CSS3, Socket.io
Tools & Platforms	Git/GitHub, Postman, Burp Suite, VS Code, MS Office
Methodologies	SDLC, Agile/Scrum, Technical Documentation, AI-Driven Automation

PROJECTS

TMDB Movie Insights: EDA – Python, Pandas, NumPy, Matplotlib

- Performed EDA on 10,000+ movies, including data wrangling and feature engineering for ROI and profit margin analysis.
- Built visualizations identifying budget-revenue correlation and high-popularity low-budget outliers.
- Applied statistical grouping to uncover trends across Drama, Comedy, and Action genres.

Web Security Vulnerability Analysis – Python, Burp Suite

- Conducted an end-to-end security assessment on a local education platform to identify authentication gaps and session management issues.
- Developed Python scripts and utilized Burp Suite (Intruder/Repeater) to simulate brute-force scenarios and evaluate system resilience.
- Analyzed HTTP request/response patterns to identify successful bypasses and documented unauthorized access impact.

LEADERSHIP & ACHIEVEMENTS

ACM Chitkara University – Organizing Executive Oct 2022 – Ongoing

- Spearheaded the organization of coding competitions, hackathons, and tech-based fun activities.
- Coordinated with club members and volunteers to ensure smooth event execution and effective teamwork.

CERTIFICATIONS

- Google Data Analytics Certification — Coursera (May 2025)
- IBM AI Enterprise Workflow Specialization — IBM (Aug 2025)
- Data Analytics Job Simulation — Deloitte (Forge) (Apr 2026)
- Generative AI: Introduction and Applications — Google (Dec 2024)
