## SUMMARY

Pre-final-year Computer Science student with strong foundations in Data Structures, Algorithms, and Object-Oriented Programming. Familiar with backend and full-stack development concepts including RESTful APIs and database-driven applications. Hands-on experience through academic and personal projects using Java, JavaScript, Node.js, and MongoDB. Curious about cloud-native systems and eager to learn how real-world production systems are designed and deployed.

## EDUCATION

|                                                                                                   |                                        |
|---------------------------------------------------------------------------------------------------|----------------------------------------|
| <b>Chitkara University, Rajpura, Punjab</b><br>B.E. in Computer Science                           | 2023 – 2027 (Expected)<br>(CGPA: 8.67) |
| <b>B.S.L Sr. Sec. School, Sundernagar, Himachal Pradesh</b><br>Senior Secondary (Class XII), CBSE | 2023<br>(74%)                          |
| <b>St. Mary's School, Sundernagar, Himachal Pradesh</b><br>Secondary (Class X), CBSE              | 2021<br>(85.8%)                        |

## SKILLS

|                              |                                           |
|------------------------------|-------------------------------------------|
| <b>Programming Languages</b> | Java, JavaScript, HTML, CSS               |
| <b>Frameworks</b>            | Node.js, Express, React, JDBC             |
| <b>Databases</b>             | MySQL, MongoDB                            |
| <b>Core CS</b>               | DSA, OOP, DBMS, OS, Basic System Design   |
| <b>Cloud &amp; Practices</b> | AWS (basics), REST APIs, Agile, Scrum     |
| <b>Other Skills</b>          | Git/GitHub, Debugging, Team Collaboration |

## PROJECTS

|                                                                                                                                                                                                                                                                                                                                     |                      |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <b>InternSpot – Job Portal (Node.js, Express, MongoDB, HBS)</b><br>• Designed backend REST APIs using Node.js and Express for job application workflows<br>• Implemented authentication and structured MongoDB collections for user and employer data<br>• Practiced API integration, debugging, and basic deployment workflows     | <a href="#">Code</a> |
| <b>Internship CLI Portal (Java, JDBC, MySQL)</b><br>• Built a Java-based CLI application to manage internship-related data using JDBC and MySQL<br>• Applied Object-Oriented Programming principles for modular and maintainable design<br>• Implemented Binary Search Trees to practice efficient data storage and retrieval       | <a href="#">Code</a> |
| <b>NewsNest (Node.js, Express, MongoDB, NewsData.io API, HBS)</b><br>• Integrated NewsData.io API to fetch and display location-based news dynamically<br>• Implemented backend features such as user authentication and preference handling<br>• Strengthened understanding of API integration, database operations, and debugging | <a href="#">Code</a> |

## CERTIFICATIONS

|                                                    |                                                      |
|----------------------------------------------------|------------------------------------------------------|
| • Postman – API Fundamentals Student Expert (2025) | • Introduction to Agile Development and Scrum (2025) |
| • Introduction to Cloud Computing (2025)           | • Cloud Computing Foundations (2025)                 |

## EXTRA-CURRICULAR ACTIVITIES

- Active participant in football tournaments, demonstrating teamwork and discipline.
- Won a silver medal in an intra-college football tournament.
